Icefields Parkway – Glacier Adventure

Columbia Icefield Glacier Discovery Centre, Icefields Parkway, Improvement District No. 12, Alberta, Canada

Icefields Parkway – Glacier Adventure

Icefields Parkway is widely recognized as one of the most scenic highways in the world, showcasing the iconic beauty of the Canadian Rockies — majestic snow-capped mountains, turquoise glacial lakes, powerful waterfalls, and ancient glaciers.

The Icefields Parkway One-Day Tour by Rockies Dream Travel offers a complete and unforgettable experience by combining visits to the highlights along the route with included admission to the Columbia Icefield Adventure and Glacier Skywalk — two must-see attractions in the Icefields region. As admission tickets are limited and timed-entry reservations can be difficult to secure during peak season, guests are strongly encouraged to book early to ensure availability at departure times that align with the tour schedule.
